BEFORE YOU CONTINUE...

**Precision Blue is a Select Network product.
Members have access to Franciscan Missionaries
of Our Lady Health System (FMOLHS), Affinity Health
Group and other participating providers.**

Select Network products have become the go-to health insurance solution for many groups because they offer significant cost savings and high-quality, coordinated care in your employees' communities. Please read this guide and talk with a broker to make sure Precision Blue is a good health plan option for your group and employees.

The advantages of a select network product like Precision Blue include:

Top-Quality Doctors

Blue Cross partners with major healthcare systems and providers to give Select Network members access to a full network of top-quality primary care doctors, specialists, hospitals and clinics in your local community.

Lower Premiums

Top-quality primary care doctors coordinate care, allowing members with Select Network plans to have better health outcomes and lower costs.

Care Close to You

Our defined networks of healthcare providers focus on offering care that's close to members' homes and work.

Excellent Benefits

Select Networks offer members in-network and out-of-network benefits and all essential health benefits, including comprehensive major medical and prescription drug benefits. Telehealth, zero dollar drug program and cost transparency services are available to improve member health and experience.

Innovative Care Programs

Select Network members can take part in wellness and care management programs with health coaching, education and hands-on support to help members with chronic conditions or serious illnesses get stronger.

It is a perfect fit for some, and not for others.

If you want to offer Precision Blue as a product option, it's a great fit if your group is domiciled in the service area and:

- Your employees are willing to seek care from high-quality providers in a defined network in exchange for lower premiums.
- Your employees are willing to choose a primary care physician and work with them to get the most value from their plan.
- Your employees are willing to check our provider directory at **www.bcbsla.com/precision-blue** before a doctor visit or hospital stay to find providers in the Precision Blue network.

If there is any discrepancy between the information in this brochure and the benefit plan, the benefit plan prevails. Premium will vary with the level of benefits chosen. For complete information, please refer to the benefit plan.

Benefits are based on allowable charges. Allowable charge is defined as the lesser of the billed charge or the amount established or negotiated by Blue Cross and Blue Shield of Louisiana and HMO Louisiana, Inc. as the maximum amount allowed for all provider services covered under the terms of the benefit plan.

NOTICE: HEALTHCARE SERVICES MAY BE PROVIDED TO YOU AT A NETWORK HEALTHCARE FACILITY BY FACILITY-BASED PHYSICIANS WHO ARE NOT IN YOUR HEALTH PLAN. YOU MAY BE RESPONSIBLE FOR PAYMENT OF ALL OR PART OF ANY FEES FOR THOSE OUT-OF-NETWORK SERVICES, IN ADDITION TO APPLICABLE AMOUNTS DUE FOR COPAYMENTS, COINSURANCE, DEDUCTIBLES AND NON-COVERED SERVICES.

SPECIFIC INFORMATION ABOUT IN-NETWORK AND OUT-OF-NETWORK FACILITY-BASED PHYSICIANS CAN BE FOUND AT **WWW.BCBSLA.COM/HBP** OR BY CALLING THE CUSTOMER SERVICE PHONE NUMBER ON YOUR ID CARD.

Utilization Management decision-making is based only on appropriateness of care and service and existence of coverage. Practitioners or other individuals are not specifically rewarded for issuing denials of coverage. Financial incentives for Utilization Management decision makers do not encourage decisions that result in underutilization.

Generally, group size is determined by Medical Loss Ratio (MLR) count. Under MLR counts, a group with 50 or fewer employees is considered a small group.

51 or more employees is considered a large group. Talk to a broker to find out which plan options are available to you based on your group size and service area.

Precision Blue:

Get More, Spend Less!

Select Network plans are designed to save you and your employees money. In exchange for these savings, your employees must be willing to seek care from primary care doctors, specialists and local hospitals in the network. There's no correlation between cost and quality – *a limited number of providers doesn't mean limited services*. Select Network plans offer the same level of care and benefits as other broader network plans, including emergency room services.

What's special about Precision Blue?

- **The network of doctors and hospitals is more defined** than in other insurance plans. But your employees still have a full network of primary care doctors, specialists and other healthcare providers all close to where they live or work.
- **Your employees have a coordinated care team** of healthcare professionals who talk to each other and help them get the right care in the right place.
- **Staying in-network is very important!** As long as your employees get care within the Precision Blue network, they will pay less than if they get care outside of the network.
- **In-network tiering offers more value.** Precision Blue members with copayment plans have two in-network tiers of cost sharing for provider visits: Enhanced Tier 1 and Tier 1. Enhanced Tier 1 includes FMOLHS and Affinity Health Group primary care physicians (PCPs) and Specialists. For the best value, you will pay the least when you visit PCPs and Specialists in Enhanced Tier 1. You will pay more when you visit providers (participating PCPs, Specialists and facilities) in Tier 1, and the most when you visit out-of-network providers. For your convenience, providers are identified by tier in our online provider directory. Please search for participating providers at www.bcbsla.com/precision-blue.

You have choices!

It's always great to give your employees more options. There are several Precision Blue plan options to meet your employees' needs.

Dual, triple, and in some cases, even quadruple option arrangements are available to groups who choose to offer Precision Blue!

Your Precision Blue Network

The Precision Blue network offers select doctors and hospitals at a lower price than our traditional PPO plans. By visiting only in-network providers, Precision Blue members receive outstanding, coordinated personal care while keeping healthcare expenses as low as possible.

Precision Blue Service Areas

Precision Blue is offered in the Greater Baton Rouge and Greater Monroe/West Monroe areas. These plans are designed for businesses domiciled in any of these parishes:

Greater Baton Rouge

Ascension, East Baton Rouge, Livingston, Pointe Coupee or West Baton Rouge

Greater Monroe/West Monroe

Caldwell, Morehouse, Ouachita, Richland or Union

Precision Blue Doctors and Hospitals

Precision Blue members have access to Franciscan Missionaries of Our Lady Health System (FMOLHS), Affinity Health Group and other participating providers.

The Franciscan Missionaries of Our Lady Health System (FMOLHS) includes Our Lady of the Lake, its nationally recognized medical center and physicians, and the many clinical programs and affiliated facilities. St. Francis Medical Center is also part of the FMOLHS. These premier providers are further supported by their participation within **Health Leaders Network**, the accountable care organization dedicated to improving clinical quality, improving patient experience and lowering costs. By partnering for coordinated and personalized care management, these doctors and hospitals are working together to help each member reach their ideal health.

Affinity Health Group, L.L.C., a wholly-owned subsidiary of Vantage Health Plan, Inc., is one of the largest group medical practices with over 30 locations in the Monroe area. The physicians, nurse practitioners and physician assistants of Affinity have combined their resources to provide patients enhanced access to quality healthcare. In addition, Affinity has several clinics staffed with professional and certified medical personnel who provide care from a pediatric level to primary care, and many specialties in between.

While the Precision Blue product is offered only in the Greater Baton Rouge and Greater Monroe/West Monroe areas, Precision Blue members may also access Precision Blue network providers located in other parishes. This access to a broader range of providers is an advantage for groups who have employees who reside throughout the state.

Understand Your Plan

The Precision Blue network offers care from select doctors and hospitals at a lower premium price than our traditional PPO plans. When your employees choose care within the plan's network, their cost sharing is lower than if they select out-of-network care. Precision Blue offers two tiers of in-network benefits. Here's how it works:

- **Enhanced Tier 1** – Enhanced Tier 1 includes FMOLHS and Affinity Health Group primary care physicians (PCPs) and specialists. For the best value, members on a copayment plan will pay the least when they visit PCPs and specialists in Enhanced Tier 1.
- **Tier 1** – Tier 1 includes FMOLHS, Affinity Health Group and Monroe Surgical Center facilities, as well as in-network participating PCPs and specialists that are not in Enhanced Tier 1. For Precision Blue members on a copayment plan, they will pay more to see a PCP or specialist in Tier 1 than Enhanced Tier 1.

Our online provider directory makes it easy to identify Enhanced Tier 1 and Tier 1 providers. Please visit www.bcbsla.com/precision-blue.

Selecting a Primary Care Physician

Precision Blue is designed with an innovative, coordinated care model at its core. For this reason, members must pick a primary care physician (PCP) in the Precision Blue network to handle most of their medical needs when sick or injured. This is a doctor practicing in General Practice, Family Practice, Internal Medicine or Geriatrics for adults, or Pediatrics for children. Members may also select a Nurse Practitioner (NP) or Physician Assistant (PA) as their PCP if he or she is set up in our system as a network primary care physician.

PCP SELECTION

A strong patient / PCP relationship helps members improve their health outcomes and save money.

Your employees must choose a PCP.

If they do not choose a PCP, one will be chosen for them. Members can change their PCP at any time by logging onto their account at **www.bcbsla.com/login** or by calling Customer Service at the number on the back of their ID card.

Quality Blue Program

As a Blue Cross and Blue Shield of Louisiana customer, your employees' health is important to us. That's why we are working with healthcare providers around the state through our Quality Blue (QB) program – together, we can help your employees have a better, easier healthcare experience. Our Quality Blue program is part of your employees' health benefits. If your employee is seeing a Quality Blue provider, they are already included in the program.

How does the Quality Blue program work for your employees?

Through our Quality Blue program, Blue Cross makes your employees' health claims information available in a secure manner to their Quality Blue provider. This helps the provider learn more about an employee's health history and anything that's happened since their last visit. This is to make sure your employee gets what they need to stay on top of their health.

What do my employees get out of seeing a Quality Blue provider?

- **Keeping up with care**

Getting regular care from a Quality Blue provider can help your employees stay healthy and catch any problems early, when they are easier to treat. If you have an employee with a long-term condition, their provider may recommend more frequent visits.

- **Reminders**

Since Quality Blue providers have more information about your employee's health history, they can send notices about important screenings, tests, or shots they might need.

- **Lower copays**

If your employees are on a Blue Cross health plan that has copayments for primary care office visits, they may get lower copayments for office visits with a Quality Blue provider.

Which doctors are in the Quality Blue program?

Our Quality Blue program currently includes General Practice, Family Practice, Internal Medicine, Pediatrics, and Geriatrics providers. Your employees can ask their provider if they are in the Quality Blue program or look them up in our directory at www.bcbsla.com/precision-blue. Quality Blue providers have an indicator as shown below:

QUALITY BLUE PROVIDER

Check out www.bcbsla.com/QualityBlue to learn more about how this program helps your employees. If you have questions about how Blue Cross may share your employees' claims information with their provider's office, please call the Blue Cross Information Governance Office at (225) 298-1751.

Precision Blue Plan Features

Preventive and Wellness Benefits

Many preventive and wellness services are covered at 100% when your employees go to a provider in their network. These covered services include annual exams, colonoscopies, mammograms and more. See www.bcbsla.com/preventive for a full list of services that are covered.

Coordinated Care

One of the main benefits of a Select Network plan is the coordinated care members receive. This means that all of your employees' healthcare professionals will be working as a team to give them the right care, at the right time, and in the right places to keep them healthy. We require PCP selection to make sure members choose a primary care physician they want to lead their coordinated care.

When your employees use in-network Precision Blue providers, doctors and hospitals work together on their behalf to organize their care. This can result in better health outcomes and lower costs.

Care Management

Members become STRONGER THAN EVER with our Care Management programs working for them. We offer care management programs with health coaching, education and hands-on support to help members with chronic conditions or serious illnesses. With a team of clinical professionals, including doctors, nurses, dietitians, pharmacists and social health coaches, we share personalized information to encourage members on their journey to optimal health. If your employees have diabetes, heart disease, other chronic conditions, traumatic injuries or serious illnesses, these programs help guide them through the healthcare system and get the services they need in a timely manner. Members do not pay anything to work with a health coach. Visit www.bcbsla.com/stronger to learn more.

Out-of-Network Coverage

Precision Blue plans provide protection to members who do not receive care from in-network providers by including a lower level of coverage for out-of-network providers. However, your employees will save money and get the highest level of benefits by **staying in-network** for their care.

Prescription Drug Coverage

All Precision Blue plans include prescription drug coverage, which is an important part of a health insurance plan. A mail order program is also available. Drug benefits are managed by Express Scripts.*

Precision Blue plans have a covered drug list, or formulary, that includes thousands of generic and brand drugs, but not every drug is covered. View covered drug lists, search for drugs and find out how to save on drugs at www.bcbsla.com/pharmacy.

**Express Scripts is an independent company that provides pharmacy benefit management services to Blue Cross and Blue Shield of Louisiana, Inc., and HMO Louisiana, Inc.*

Zero Dollar Drug Copay Program

Our \$0 Drug Copay Program offers \$0 copay for certain drugs used to treat certain chronic conditions. Members do not have to meet a deductible before getting program drugs for \$0. Drugs in this program are regularly recommended to treat asthma, chronic obstructive pulmonary disease (COPD), coronary heart disease, diabetes, heart failure and other common chronic conditions. The \$0 Drug Copay Program is available for copay-based pharmacy benefits. The program is not available for coinsurance-only pharmacy benefits. Go to **www.bcbsla.com/covereddrugs** for a list of drugs in the program.

Telehealth for Convenient, Affordable Care

What is telehealth?

Telehealth, also called virtual care, is an easy and convenient way to be treated for minor illnesses or to access behavioral health services and other forms of care through an online connection. For those with telehealth benefits, virtual care is a great way to access and stay connected with a network provider. Some providers volunteer to be recognized and searchable in the online Blue Cross and Blue Shield of Louisiana provider directory as providers of telehealth services. We recommend members reach out directly to their network provider for details on how to connect using telehealth. Blue Cross members can call the Customer Service number on their ID card to learn about their telehealth benefits.

If your regular provider does not offer telehealth options or is not available, Blue Cross and Blue Shield of Louisiana offers members access to BlueCare, our online virtual care platform with virtual medical care 24/7 and scheduled behavioral health appointments.

BlueCare: *Get Care from Anywhere!*

Blue Cross members and any dependents who are covered on their plans can access online medical and behavioral health visits. All BlueCare providers are U.S.-trained and board-certified.

Medical Visits:

- BlueCare costs less than the ER and urgent care centers.
- BlueCare lets your employees see a doctor online, 24/7, to treat non-emergency, common conditions like fever, colds and cough, stomach bugs or pink eye.

Behavioral Health Visits:

- Online appointments for behavioral health needs are available with BlueCare. Employees can simply log in and schedule a visit with a psychology or psychiatry provider.
- BlueCare behavioral health appointments can be a good service for members who may be experiencing depression, grief, stress or anxiety, who are dealing with life transitions... and more.

Drugs may be prescribed if needed. Prescription availability is defined by physician judgment; certain types of medication may not be prescribed. Before any BlueCare visit, employees will see what it will cost. This depends on their plan type and benefits. They can use any major credit card and even HSA, HRA or FSA cards to pay for BlueCare. Their card will not be charged until their visit is over.

To sign up, employees can download the free BlueCare app or go to **www.BlueCareLA.com**. They must have their Blue Cross ID card number handy.

BlueCare is powered by Amwell, a vendor that provides the BlueCare telehealth platform for Blue Cross and Blue Shield of Louisiana and its subsidiaries.

Change in Premium Amount

Premiums for this Benefit Plan may increase after the group's first twelve (12) months of coverage and every six (6) months thereafter, except when premiums may increase more frequently as described herein. We will give the group forty-five (45) days written notice of any change in premium rates ((ninety (90) days written notice for employer groups with more than 100 enrolled employees)). We will send notice to the group's latest address shown in our records. Any increase in premium is effective on the date specified in the rate change notice.

An increase in premium will become effective on the next billing date following the effective date of the requested change. Continued payment of premium will constitute acceptance of the change.

Applicable to Large Groups (51+ MLR):

We reserve the right to increase the premiums more often than stated above due to a change in the extent or nature of the risk that was not previously considered in the rate determination process at any time during the life of the Benefit Plan.
